Dear George:

The great bulk of the data concerning financial operations of our Communications Division is prepared and handled by [REDACTED] 25X1A
[REDACTED] who is acting in the capacity of Manager of Contracts and Finance. Inasmuch as the total volume of paper work concerned with various aspects of the project work which we are performing for your organization is becoming rather large, it is becoming increasingly difficult for [REDACTED] and me to handle all of it directly. Accordingly, I should like to authorize [REDACTED] to prepare and to submit to your office directly such records, memoranda, and other documents which pertain to financial aspects of A-101. The data submitted to you in this manner will have been coordinated, of course, with [REDACTED] 25X1A and me prior to its transmission to you.

For your information, [REDACTED] is fully knowledgeable concerning the project, and you need have no reluctance in receiving information from him or releasing information to him. 25X1A

One of the first matters upon which you will receive information from [REDACTED] relates to salary payments to be made to TDY and technical representatives assigned by us to overseas duty. [REDACTED] has already been coordinating all matters pertaining to Fly-Away Kits, U. E. E., and 180-Day support. 25X1A

Sincerely,

Burt
